HAJI GHULAM HUSSAIN AND SONS

ALL ENGINEERING SERVICES

Introduction

Haji Ghulam Hussain and Sons (HGHS) is a Skardu-based C-A category construction firm that has proudly served since the mid-1980s. What started as a small, hardworking local team has grown into a trusted name in large-scale infrastructure across Pakistan. In 2006, HGHS was officially registered with the Pakistan Engineering Council, marking a key milestone in our journey.

With over 30 years of hands-on experience, we've built roads, bridges, power systems, and entire communities taking on civil, electrical, solar, hydro, and fabrication projects, along with land development and material procurement. Our work has supported both public and private sectors, often involving multi-billion-rupee ventures.

> **At HGHS, we believe in doing things the right way, with honesty, care, and a deep respect for the people and places we build for. From first sketch to final structure, we stay committed to quality, safety, and engineering that stands the test of time.**

Haji Ghulam Hussain

Chairman HGHS

"We started with a small team and a big dream back in 1980. Today, we handle projects worth billions not just because we build well, but because we've earned the trust to do so. Every site we touch carries a piece of our journey"

Engr Altaf hussain

MD HGHS

"Leading this company is a responsibility I carry with both pride and humility. We’re not just managing projects , we’re shaping lives, creating livelihoods, and leaving behind a legacy that speaks through every structure we build."

Our Management Team

Mumtaz hussain

Director Works

"With decades of on-site experience, I believe quality work begins with discipline, ends with integrity, and is driven by a commitment to every detail in between."

Mazahir hussain

Director Finance

"Behind every strong project is a stronger financial backbone. My role is to ensure we grow responsibly, invest wisely, and sustain our legacy for the next generation."

Engr Muzaffar Abbas

GM Operation Sindh

"Execution is where ideas come alive. My focus is on delivering results that reflect our values timely, efficient, and built to last."

Engineer Farrukh Bashir

General Manager

"I lead with a focus on sustainable growth and strategic investment. Every decision I make is rooted in building a resilient future for our organization."
